Chapter 1 a walk in the city

One day in Station Square, A young fox named Tails, wakes up from his bed and stretches before getting up, then walks into the bathroom.

He takes a long morning pee and sighs.

"Ahh... much better"

He starts peeing playfully, splashing it all around into the toilet hole before shaking his "sprinkler" and putting it back in his shorts. He sighs again and soon flushes the toilet.

Once finished, Tails walks over to the mirror and giggles to himself.

Once he was finished he starts walking out of the bathroom and soon opens his curtains as he finishes dressing himself.

"What a beautiful sunny day..."

Tails sighs happily before putting on his daytime shorts and shoes.

He then walks down the stairs to have breakfast. He pours himself a glass of juice and makes himself a bowl of cereal.

As he looks through the kitchen window, He soon has an idea. Because the day looked so sunny he thought about meeting up with some of his friends.

He picks up the phone and dials Knuckles' number and puts it to his ear, continuing to eat his cereal while waiting for him to answer.

"Hello"

Tails soon gulps the cereal as he speaks.

"Hey Knuckles! What's up?"

The echidna smirks as he walks around, holding his phone as he talks.

"Hey Tails! Not much to be honest... pretty bored."

"Ah I see. I was actually gonna ask if you wanted to hang out with me and Sonic... maybe by the fountain in the city? I was also gonna bring some snacks and drinks so we could maybe have a brunch or something."

"Sure, that sounds good to me. What time are you thinking?"

"About 10 o'clock"

"Sure thing, see you there!"

Tails hangs up the phone and dials Sonic's number but there's no answer.

"huh, maybe he's still sleeping, he is a pretty deep sleeper in the mornin'... I'll send him a message."

He then texts Sonic about the meetup and then stands up.

Once Tails had finished his cereal, he picks up his shopper bag and heads outside before locking the door of his house.

About 3 miles away Sonic the Hedgehog groans as he wakes up from his bed.

He yawns and rubs his eyes before covering them from the sunlight glaring through his bedroom window.

He lazily stands up and walks over to his phone noticing a message on it.

"Let's see... ah, Tails wants me and Knux to meet him at... 10 o'clock?!"

Sonic looks over at his clock and sees that it's 9:55am

"Oh damn, I'm Gonna be late! I've gotta go fast!!"

He quickly puts his socks and shoes on and runs into the bathroom, quickly brushing his teeth and washing his face. He then grabs his phone and runs out of his house before jogging through the front door. He soon looks down as his stomach growls.

"Ugh, no time to eat... I'll have something once I get there, I have to move!"

Sonic soon locks the door behind him and dashes off towards the city.

Meanwhile, in a shop in station square, Tails walks around and picks up various items.

He grabs some packets of crisps, some fizzy drinks and some sweets before putting them into a basket and placing it on the counter.

"That'll be 20 mobiums, please."

Tails smiles and nods as he gets out his wallet and hands the money to the cashier. He then thanks the person and places the items into his bag and exits the store, heading towards the fountain he had agreed to meet the others at. Knuckles, who was already there waiting, looks up and smirks as Tails walks over.

"Hey Knuckles!"

"Hey Tails, long time no see, eh?"

Tails giggles.

"Yeah, it has been a while..."

Knuckles soon looks around curiously, before looking back at Tails.

"Wasn't Sonic Supposed to meet us here too?"

Tails rolls his eyes and looks around.

"Knowing him he's probably slept in again..."

Knuckles tuts and shakes his head.

"Yeah, for a guy who claims to be the fastest thing alive, he really does like taking his time..."

"Hey Knuckles, I think that's him there."

Sonic soon runs over before stopping in front of Tails.

"Hey guys, what's up?"

Tails and Knuckles give him a stern look with their arms crossed causing Sonic to start scratching his head nervously.

"Alright, sorry guys I'm a bit late."

Knuckles looks at his watch and sighs.

"A BIT late? More like 20 minutes late, you really have no sense of time, do you?"

"Oh hush... I just slept in, that's all."

Knuckles facepalms and looks over to Tails who just shrugs.

"well, at least he's here now. Now how about we head off to the river?"

I brought a few snacks and stuff we can have."

Sonic gulps nervously.

"T-the r-river?"

Knuckles smirks and crosses his arms.

"Psh, come on Sonic, it's not like you're gonna fall in."

Sonic soon smirks and crosses his arms too.

"Pfft... as if that will happen."

Tails giggles as he starts walking beside them toward the river.

"One thing's for sure, I sure missed you guys arguing."

Sonic chuckles as he walks in the middle of his two friends.

"It's what that Knucklehead is good at, little buddy."

Knuckles Growls a little as Tails nervously chuckles.

"Come on guys, let's get to the river without any hassle."

The three mobians continue to walk until they approach the river, which is beside the entrance to the park.

They soon find a nearby bench and sit down overlooking the scenery.

Knuckles smiles as he notices a nearby rustic statue.

"It's always so nice here."

"Yeah the weather here is great too."

Sonic nods and smiles before opening his eyes widely because his stomach made a loud grumbling noise.

Tails and Knuckles look over at Sonic, who is now blushing.

"Sonic did you just:-"

Sonic blushes more and waves his arms rapidly.

"N-no! I didn't do *that*! My stomach just rumbled is all, I kinda skipped breakfast this morning."

chips to Sonic

may not be breakfast exactly but it should stave off your hunger for now."

Sonic's tail starts wagging as he opens the packet of crisps and starts to eat them.

Tails giggles before handing a packet of

"Here, it

"Thanks, Tails I needed that."

"You're welcome Sonic."

Tails then hands Sonic a bottle of tea. He then grabs the bottle and proceeds to start gulping loudly.

"Where are your manners Sonic?"

Sonic gives him a stern look as he swallows his crisps.

"What are you talkin' about my manners are perfect."

Three seconds later Sonic lets out a loud burp and rubs his stomach before blushing a little.

"perfect manners, huh, Sonic?"

"well , maybe not *perfect* but still... you know what I mean."

Tails giggles as Knuckles sighs again.

About 10 minutes of walking and talking together the three of them continue to eat their sweets and snacks.

Sonic soon stops to wipe off some sweat from his forehead then pants a bit.

"Phew it's getting pretty hot today, Tails could I have another drink, please?"

Tails smiles and hands him another bottle of energy drink.

"Sure thing Sonic, I bought these for you and Knuckles anyway."

"Thanks Tails I'm so thirsty today."

A few seconds later Sonic gulps down the bottle of energy drink but soon stops for breath, before finishing his drink.

Tails and Knuckles watch in amazement as he gulps down the energy drink at a fast speed before throwing the bottle into the nearby trashcan.

"Ahh, that hit the spot nicely."

Sonic shrugs before picking up another packet of crisps and starts eating them.

A few minutes later Sonic burps again before sighing and rubbing his belly.

"Thanks Tails, I Enjoyed that."

"No problem Sonic, glad you enjoyed them."

The three mobians continue to look at the scenery before standing up and heading back toward the city.

Tails and Knuckles then look at Sonic then at each other as he picks up another bottle of energy drink from Tails' shopper bag and starts drinking it too.

"Yo Sonic? That's the third drink you've had today, are you sure that's a good idea?"

Sonic looks at Knuckles confused as he gulps his third drink.

"What do you mean?"

"Well UH, you drank a lot, you may end up sick drinking that much."

"Nah, I'm a runner and I drink a lot anyway."

Knuckles soon starts looking around before turning back to face sonic.

"And your bladder? Do you want to have an accident? You do know that there are no toilets around here you can use either, right?"

Sonic soon looks down at his crotch before looking around noticing that there weren't any toilets he could use.

"That doesn't matter , I could just use a tree, I normally do that anyway plus it'll take a while to affect me anyway, also the entire forest is practically a toilet"

Tails ponders for a moment before turning to Sonic.

"That's actually a good point Sonic!"

Knuckles groans disgustedly.

"Ugh, you guys Would rather just pee here, especially with people around?"

No offense but using bathrooms is more hygienic."

Tails points over to an area surrounded by bushes.

"I'm sure people wouldn't hang out over there, Knuckles."

"Whatever you say, I just prefer using bathrooms."

Knuckles checks the time on his watch and facepalms.

"Oh Shoot, sorry guys, talking about going I forgot I had some errands to run. I better get goin' before it's too late."

"Thanks for the time together, the talking. Oh and Tails, thanks for the food and drink."
"No problem, hope we see you again soon Knuckles."

Knuckles sniggers.

"Whatever you say, see ya."

"Bye Knuckles."

"Oh Sonic, good luck with your bladder!"

Sonic pouts and blushes a little.

"Very funny Knuckles, see ya."

Knuckles smiles and nods.

Tails replies.

"See ya Knux."

Knuckles smiles and waves as he heads back home.

"Hmm, you know, Sonic the day isn't over yet. We could go look around the city or something?"

Sonic smirks and looks towards the city.

"Sure thing! We might even find some chili dog stands somewhere!"

Tails sighs then shakes his head.

"You never change. Oh, I'll need to get rid of these empty bottles and stuff too."

Tails points at the plastic bag now full of empty containers of stuff they ate and drank.

Sonic nods and looks around for a trashcan. He groans.

"Ugh they're all full, probably the dustman's fault for not doing their job and coming here periodically."

Sonic points towards the city center.

"We'll just have to continue going around the city, there's an area around here that always seems to have trashcans."

"Good point, this is pretty light anyway, let's go."

Sonic winks as the two of them head toward the city center, observing the weather and feeling a breeze as they walk.

Chapter 2 Undercover Business

Sonic and Tails arrive in a different part of the city, walking through the street.

"Beautiful, isn't it Tails?"

Asks Sonic putting his arm around Tails' neck as they walk through the busy street.

Tails nods in response as he walks beside his friend, Sonic, still holding the shopper bag.

"Yeah it's perfect!"

Sonic chuckles as he takes another sip from his bottle.

He finishes his third bottle and lets out a large burp before putting it into Tails' shopper bag.

Tails puts his hands on his waist and looks at Sonic sternly.

"Sonic!"

"What?"

Asks Sonic, Tails then sighs and shakes his head.

Sonic realizes that he burped out loud and blushes before chuckling nervously.

"Sorry Tails, just be thankful it didn't come out the other end though."

Tails giggles at the joke Sonic just made and continues to walk beside him.

Sonic smirks and ruffles Tails' hair.

Tails nods and continues to walk beside Sonic through the crowd

"Hey Tails, how about we go to the city park for a break?"

"Sure, let's go!"

They walk toward the park but Tails soon notices Sonic slowing down gradually.

Sonic lowers his ears and blushes as he looks up at Tails.

"Sonic, are you ok?"

Sonic then comes to a complete stop and squeezes his legs together, whimpering softly.

Tails runs over to him and puts an arm on his shoulder as a bigger crowd starts to form either side of them.

"What's wrong Sonic?"

Sonic replies in a low voice.

"Um, I... I-I gotta go."

Tails looks at him curiously and then at the crowd surrounding them.

"Go where?"

"Go as in *really, really* badly! P-please little buddy, help me..."

Tails lowers his ears and looks sympathetically at Sonic.

"My bladder is full, I *really* need to pee!" He whispers.

Tails looks around to find somewhere that Sonic can pee but notices that the crowd is still surrounding them and there is nowhere suitable for him to relieve himself.

Tails looks inside his bag and soon takes out an empty bottle and hands it to Sonic.

"Here, use this."

Sonic takes the bottle and his eyes open widely, blushing brighter as he notices the crowd around them.

"What!? There're loads of people around, I can't use this..."

Tails scratches his chin and looks behind him noticing his tails wagging slightly, he points to them and smiles.

"Why don't I cover you with my tails that way no one will see you?"

Sonic looks around again and scratches the back of his head and looks at

Tails' tails before looking around again.

"I don't know Tails..."

Tails sighs a little and notices Sonic starting to wriggle around, his need becoming much more apparent.

Sonic soon sighs too and positions himself so that he is behind Tails. He then watches as Tails wraps his tails around his lower waist.

Sonic soon brings the bottle to his crotch and exposes his penis from behind his fur.

He blushes and gulps nervously as the crowd walk past them, Tails smiles back at him

"Are you in position Sonic?"

Sonic nods and waits a few seconds before accidentally releasing a spurt of warm liquid onto Tails' leg, he blushes and grits his teeth.

"Ah! I'm so sorry Tails!"

Tails looks down at the dripping pee on his leg and blushes, feeling slightly aroused by the feeling of Sonic's urine hitting his leg.

After properly aiming the tip of his penis into the bottle, Sonic half closes his eyes and sighs in relief, as a goofy expression appears on his face. His urine gushes out at a great speed and the sound quickly becomes evident to Tails.

Tails smirks a little as he feels Sonic leaning towards him and the bottle poking his butt.

He soon hears the sound of Sonic's urine shooting into the bottle. He also feels the heat of the stream against his leg.

Sonic's urine echoes loudly, but the sound is luckily drowned out by the sound of people talking as they walk past them.
He continues to sigh in ecstasy and wags his tail rapidly as his urine continues to shoot out.
"Ahhh... This feels amazing, thanks Tails."
Tails giggles from his friend's relief and looks around as Sonic continues to urinate.

Sonic soon opens his eyes and looks down at the bottle and gasps, seeing that it was completely full.
He groans a little as he forces himself to stop peeing causing his bladder to be in a slight discomfort.
"Hey Tails, the bottle's full but I still need to pee."
Tails nods and turns back to face Sonic who embarrassingly gives the full bottle to Tails.
He then screws the bottle's lid back on and puts it back in the bag before taking out another empty bottle unscrewing the lid and hands it to Sonic, who takes it and aims the tip of his penis into the new bottle.
Sonic grits his teeth as he starts putting pressure back on his bladder.
Soon a thick light-yellow stream gushes out as Sonic sticks his tongue out moaning loudly.
Tails smiles as he hears his best friend moaning. He soon looks down into the bag at the full bottle that Sonic had handed him earlier and curiously looks at it.
The warm liquid inside the bottle was a clear yellow color kind of like tea. He puts a hand on the bottle and feels its warmth. He gets aroused by the fact that it was Sonic's urine that caused it. Tails smirks at the bottle before putting it back in his bag.

He then looks at Sonic curiously, trying to catch a glimpse of him peeing.
Sonic had his eyes closed so it was Tails' chance to get the view he wanted.
Tails smiles as he only sees a thick yellow stream shooting out and filling the second bottle.
He moans a little as he feels his own penis starting to twitch in arousal from the view and the feeling of the warm bottle poking near his butt.
Tails feels his ears perking up as he can hear the gushing sound and moans as Sonic continues to release his golden liquid into the bottle.
Tails soon notices Sonic opening his eyes and turns around quickly.

Sonic sighs in relief again and instinctively shakes his penis to get rid of the last few drops of urine.
The droplets land on Tails' tails and legs.
Sonic smiles and gives Tails the second bottle and steps back as Tails moves his tails out of the way.
"Ahhh, that was great Tails. Thanks for helping me out."
Tails nods then giggles.
"No problem Sonic."

Tails looks down in amazement as he notices the second bottle was filled up to $\frac{3}{4}$ of its capacity.
"Wow Sonic, you REALLY had to go!
Tails screws the lid back on the second bottle and places it back in his bag.
Sonic rubs his nose and blushes.
"Hehe... well I didn't really have time to pee this morning because I was already late for meeting up with you and Knuckles."
Tails giggles again as Sonic walks beside him.
Sonic points at the bag containing the two bottles looking concerned.
"I think we better get rid of those before anyone gets suspicious.
Especially because of their warmth."
Sonic was about to take the bag containing the bottles when Tails swiftly pulls it away from him.
Sonic looks at Tails, confused.
"Wait here Sonic, I'll do it. Besides, I can fly which means I'll be able to find the trashcan faster from higher up."

Sonic grins and gives Tails a thumbs up.

"Great thinking, Tails!"

Tails nods as he whirls up his tails and starts flying.

He looks around whilst in the air and notices a small area of the city where there weren't many people.

There was also a usable trashcan which hadn't been filled.

Tails lands and approaches the trashcan with the warm bottle of Sonic's urine and unscrews the lid from the bottle.

He motions his arm towards his nose and takes a whiff of the urine and then looked at it noticing Sonic's urine seemed to glisten in the sun.

It also had a very pungent but sweet smell to it, very much like the smell of hot dogs.

He raises the bottle up to his nose again before inhaling deeply.

Tails smirks and feels his penis twitching inside his shorts again.

He notices a few people looking at him but to them the bottle looks like apple juice.

"Hmm, it kinda looks like apple juice, maybe I could—"

Tails thought to himself.

He looks around and shrugs before bringing the bottle up to his lips and taking a sip of the liquid.

The taste was like a broth, salty but with a surprisingly sweet and watery aftertaste.

Also the warming sensation on his tongue going down his throat was amazing, Tails was very much enjoying it.

He looks around once more and then continues to gulp down Sonic's urine, finding a new thirst for it.

As he drinks, Tails feels the warm, tasty liquid going down his throat and eventually into his stomach.

Gulp after gulp, the bottle with the shining golden liquid was soon completely empty.

Tails licks his lips and throws the empty bottle into the trashcan.

He then looks into his bag noticing that the second bottle was still warm.

He picks it up and undoes the lid, smelling the warm salty piss. He shrugs and then starts gulping it down once more.

Tails blushes at the thought of Sonic holding his penis to his mouth and letting his urine flow into it.

Tails' penis once again starts twitching from the dirty thought running through his mind, he is about to start masturbating with his free hand but stops because he realizes that a lot of people can see him.

Tails sighs contently, noticing the second bottle was now empty too.

Feeling his new thirst impulse disappear, Tails throws the second bottle into the trashcan and then turns to head back to Sonic.

"Hmm, my breath tastes like pee, I had better go and find somewhere to wash out my mouth."

Tails smiles as he notices a water fountain and runs toward it.

He turns on the fountain and slurps some water before drying his mouth with an arm.

"Now I better run back to Sonic." Tails then whirls up his tails once more and flies over to Sonic.

Tails waves as he sees Sonic but notices that Sonic had his arms crossed and was tapping his foot impatiently.

"It's about time Tails, where were ya?"

Tails puts a hand behind his head and blushes.

"Sorry Sonic, there were a lot of people around so I had to find somewhere else to get rid of them."

Sonic grins and winks at Tails.

"No problem buddy, but we better start heading towards the park."

Tails smiles and nods as he walks beside Sonic.

He giggles at the naughty thing that he had done previously, licking his lips and rubbing his now urine-filled belly.

Sonic looks at Tails curiously as he giggles but shrugs it off before continuing to walk beside Tails.

Chapter 3 [Splashing the alley](#)

As Sonic and Tails continue to walk, Sonic turns to Tails and points over to an ice cream stand.

“Wanna get some ice cream, bud?”

Tails smiles widely and wags his tails.

“Yes please!”

Sonic chuckles at Tails’ excitement and walks over to the stand.

A young male looks up and smiles at the two customers.

“Hi there, could we get two chocolate ice creams please?”

“Certainly, sir.”

Sonic smiles and watches as the man begins to scoop some ice cream into two plastic cups Tails smiles too and then blushes with a small grin, realizing that his bladder was starting to tingle.

Sonic looks back at tails with a concerned expression.

“Hey, are you alright Tails?”

Tails smiles and waves his hands in front of his face.

“Y-yeah, I’m fine!”

“Alright pal if you say so.”

Sonic turns back and smiles as the ice cream man hands their sundaes over.

Sonic hands Tails' ice cream to him and takes out some money before paying for them.
"Thanks pal!"

"No problem, enjoy!"

Tails licks his lips before starting to eat his ice cream.

Sonic chuckles and starts to eat his ice cream too. He gently slides his hand onto Tails' and grasps it into his own.

Tails blushes a little but smiles as he walks alongside Sonic.

"Thanks for the ice cream Sonic, I haven't had one for a while!"

Sonic wags his tail.

"No problem little buddy! Besides, it's your reward for helping me out earlier."

Tails blushes brighter as he recalls the event.

"Hehe, well when you gotta go, ya gotta go, right?"

Sonic chuckles nervously and puts a hand behind his head.

"Hehe, yeah."

After a while, the two mobians finished their ice creams and continued walking around the many stores of Station Square.

A little while later Sonic and Tails began their walk home, noticing that a lot of the stores were closing and there weren't many people walking around.

However Sonic and Tails had spent a long time walking around and Tails hadn't had a bathroom break for a long time.

"Uh, oh."

Sonic turns around, noticing Tails walking slower than usual.

"Hmm? What's up, buddy?"

Tails trembles.

"I... I need to pee."

Tails puts a hand between his legs and grits his teeth.

Sonic lowers his ears and looks around. He notices that a lot of the stores were closed.

"Uhm, it seems that a lot of the stores are closed, Tails. Can you hold it?"

Tails soon crosses his legs and whimpers in desperation.

"N-no, I've held it for a while now and it really hurts. Sonic, please help me!"

Sonic sweats nervously as he continues to look around.

He scans past the closed stores and notices a small alleyway.

He points over to it and holds Tails' free hand.

"There's an alley over there, Tails you could do it there!"

Tails nods and smiles weakly as Sonic soon begins to run over, holding onto Tails' hand.

He soon feels his desperation grow and whimpers again before using his other hand which was being held by Sonic's, to hold onto his crotch.

Sonic, who feels his hand being held against Tails' crotch, blushes.

"T-Tails? C-could you maybe, move my hand away from your crotch, please?"

Tails looks up at Sonic, desperately and lowers his ears, his face bright red with blush.

He feels his urge getting stronger and soon stops completely, feeling his bladder about to burst."

"I... I'm sorry, Sonic, I can't... I can't--!"

A few seconds later, Tails' eyes go wide as he looks down at his crotch.

Sonic soon blushes brightly as he feels a wet and warm sensation on his hand.

He looks down and notices both his and Tails' gloves getting covered with Tails' urine.

A loud hissing sound can be heard as the urine flows out of Tails' bladder.

Soaking his pants and their hands before trickling down his leg and onto the ground.

Sonic notices a growing puddle on the ground and looks up at Tails sympathetically.

"Tails..."

Tails blushes brightly and sniffs, feeling his eyes watering up in embarrassment.
"I-I'm s-sorry, I c-couldn't--"
Sonic smiles weakly at his friends embarrassed face and gently rubs his ear.
"Hey... it's alright, Tails. Accidents happen."
Tails smiles weakly.
Sonic blushes more enjoying the warm sensation of Tails' urine gushing onto his hand.
"T-thanks Sonic..."

Moments later after Tails had started peeing he managed to get his bladder back in control. He holds onto the extra amount of urine and continues to walk beside Sonic, heading towards the alley.
Tails releases Sonic's hand, blushing from the wetness of both his and Sonic's gloves.
Sonic curiously looks at his wet glove and shakes it out to remove most of the wetness, then takes a whiff as Tails looks away.

He smiles a little and notices Tails turning back to him.
"I think it would be a good idea to get cleaned up. Maybe you could come to my apartment if you want... it has been a while since you've slept over too so you can sleep there." Tails smiles

widely up at Sonic, wagging his tails.
"thank you Sonic, I'd love to."
Sonic chuckles a little and soon stops as both him and Tails arrive at the alley.
"Heh, no problem, Tails. Oh by the way, have you finished peeing?"

Tails blushes a little, then Sonic points at a place with large trashcans in the alley.
"Ah yes... hehe... I haven't quite finished yet, no."
Tails goes straight to the wall near the trashcans and soon holds onto his penis, aiming it towards the trashcan.
A few seconds later, a loud gushing sound, followed by a loud sigh, can be heard.
"Ahhh... that's so much better."
Sonic blushes brightly, because he can clearly see Tails' penis sticking out near his position. He turns away and rubs his nose, nervously, trying to give Tails some privacy.
Sonic soon peeks at Tails and looks down, noticing Tails' urine stream shining in the light of the alley and splashing onto the ground below.

He looks up at Tails and sees that his facial expression shows much pleasure and relief. After a few minutes of waiting for Tails to finish, Sonic opens his eyes widely, realizing that he still wasn't finished and that a giant puddle was forming on the ground below him.
Sonic smiles a little, getting aroused by his friend's amount of urine.
"Woah buddy, you really had to go... you're making a lake on the ground!"
Tails blushes and smiles, embarrassed from his friend's comment.
"Yeah, hehe... I have a trained bladder because of my nighttime online-gaming sessions..."
He soon gives a look to Sonic and blushes even more, realizing that Sonic was looking at his penis.
"...are you looking at my willy by the way?" Tails asks in a silly way.
Sonic instantly turns away, feeling his face burn up.
"Uh... I just find it so cut—I mean, I just find it amazing how much you can pee."

Tails smiles from the compliment and wags his tails, cutely, still peeing.
"Thanks Sonic. Oh by the way...do *you* also need to go?"
Sonic turns to face him and puts a hand behind his head, smiling nervously.
"Hehe... I uh... y-yeah I do need to go."
Tails giggles a little and moves to the side, giving Sonic some room to stand next to him.
Sonic blushes, embarrassed as he attempts to pee whilst trying to cover up his penis.
He then gently grasps it with his hand and aims it at the same trashcan as Tails.
A few seconds later, another loud hissing sound is heard.

Sonic sighs and smiles goofily as he feels the contents of his bladder shoot out and hit the wall. It splashes onto the side of the trashcan.

"Ahhh... that's the stuff."

Tails soon lets out a sigh as he finally stops urinating.

He shakes his penis and hides it back into his fur. He soon looks curiously at Sonic's penis and smirks a little, unbeknownst to Sonic.

"Wow your willy is so big Sonic!"

Hearing the compliment, a tomato-red blush appears across his muzzle.

He looks down at his urinating penis before looking back up at Tails.

"Hehe... t-thanks, little buddy."

He says embarrassed.

Tails continues to stare at Sonic's stream, watching it get thicker and heavier.

He gets a little aroused and soon watches as Sonic shoots out a couple of spurts of urine on the trashcan.

Sonic then dribbles onto the ground and sighs, shaking his penis and hiding it back into his fur.

"Much better..."

Sonic and Tails both smile at each other and then look down at their large pools of urine.

"Wow, we've created a really great pee lake, buddy!"

They both giggle before heading out of the alley. Tails soon offers his hand to Sonic, shyly.

Sonic smiles back and takes his hand, smelling a little and feeling the wetness of Tails' urine on their gloves.

"Now, let's head back to my apartment to clean up and prepare for the night."

Tails smiles and nods as he walks out of the alley with Sonic, heading out of the city towards the direction of Sonic's apartment.

Chapter 4 Room for Two

After a while Sonic and Tails finally arrive at Sonic's Apartment.

Once inside, Sonic tells Tails to take a shower he is cooking, then he shows him the bathroom, gives him a large towel and a sponge then leaves, going to the kitchen to cook.

Tails undresses himself in the bathroom and enters the shower starting to wash himself. After a while, Tails finishes his shower and notices that he doesn't have anything to wear because Sonic forgot to give him something. So Tails shouts on Sonic.

"Sonic, could you come here, please?"

Sonic arrived 10 seconds later and blushed when he saw Tails, naked in the bathroom drying his soaked fur with the towel Sonic had gave to him earlier.

"You forgot to give me something to wear."

Sonic facepalms at himself and blushes more intensely.

"Uh, sorry wait one moment, please."

Sonic then goes to his wardrobe and thinks "He is really pretty, he looks like a cute girl, a really pretty girl."

Still remembering his fuzzy fur on his cute sexy body, he gets a hardon, imagining Tails also soaked, fully naked, his pretty body under the running water in the shower.

He turns to go back to Tails, but he appears in front of him now dry, but still naked.

Sonic blushes at Tails.

"H-here, take these old clothes of mine, they are a little small for me, but they probably fit you well."

"Thanks!"

Sonic leaves the bathroom and Tails starts dressing himself, joining

Sonic at the table after he was finished.
They talk about their adventures for the rest of the night, then after they were finished with their food and talking, Sonic showed Tails his guest bedroom.
Sonic and Tails then brush their teeth, undress and go to their beds.

In the middle of the night Tails wakes up with a dry mouth, so he goes to the sink in the bathroom, turns on the water to wash his dry mouth and then drinks the water from the tap.
He notices Sonic's used socks lying on top of the laundry chest and takes one of them to sniff.
He sniffs the pungent sweet ham-like smell of Sonic's socks.
He loves it, he takes a deep sniff, rubbing the humid sock on his muzzle.
Suddenly his dick starts growing, so he takes the other sock and smells it together with a big sniff, his dick now fully erect.

He moans, rubbing the warm humid socks on his face, aroused by Sonic's smell.
Then he sits on the lid of the closed toilet and starts stroking his dick with one sock, while deeply sniffing the other sock in ecstasy.
He puts his dick in one of the socks and starts masturbating in it, still with the other sock on his muzzle.
Shortly after rubbing his hard dick inside the sock he cums, shooting his load inside the sock, filling it with his fluid.
Tails pants a bit then puts the socks back in the laundry basket, now with a filled one, laying over the other things so they dry out.
Then Tails washes his hands, then refreshes his face with some water and moves on to return to his bed.

On the way back to his bed, he peeks at Sonic's bed, lit by the nearby windows, where the moon is peeking out and giving a soft illumination to the bedroom.
He watches Sonic asleep, blanket messily over him, legs sticking half-out.
As he notices Sonic's large bare feet from under the blanket, his eyes glow a bit.
He finds Sonic's feet really attractive, he can't resist.
Tails silently sneaks into Sonic's bedroom and approaches the end of his bed.
He then approaches Sonic's bare feet and starts sniffing them up close.
They were a bit smelly.

Tails blushes, excited, then carefully lifts one foot and puts his muzzle against it.
He then rubs his muzzle on the warm, humid soul of the meaty, smelly foot in ecstasy.
Sonic moves just a little, a bit tickled, but still sleeping.
Then he starts to kiss it, then lick it, tasting Sonic's soft salty surface.
His lust grows again and he starts to passionately kiss and lick the solid, meaty, warm foot.
Then he carefully moves his other foot and lifts it, starting to kiss and lick it too.
Sonic moves a little more, tickled.

Tails then puts both feet on his face, feeling the warmth of Sonic's soft, smelly feet.
His dick grows fast in his shorts, overexcited by the large, meaty feet on his face.
His soft foot tickling also starts to grow Sonic's dick as a reflex.
Tails, with his dick erect again, puts one of the feet down gently and with the muzzle still on the other foot, puts his other hand in his underwear to rub his own dick.
Sonic does some soft grunts as Tails starts sucking his toes.
Tails starts to moan softly, as he masturbates while sucking Sonic's toes.
Meanwhile, when Tails, overexcited, is close to cumming, Sonic grunts a bit and wakes up because of the weird sensation on his foot and opens his sleepy eyes.

In the semi-darkness, he can clearly see Tails, who is holding one of his feet, licking it, while he's also clearly masturbating with the other hand in his shorts.
Extremely surprised, he doesn't speak a word, watching Tails lick his feet with passion.

He feels his dick growing under his sheet because of that act of worship.
Tails pants as he cums in his underwear, wetting his shorts a bit.
Tails puts Sonic's foot down and blushes, almost paralyzed watching Sonic.

Sonic watches the poor, young, embarrassed fox in front of him, with his shorts wet because he just came in them.

"I see you are a little kinky one, huh, buddy?" he says to Tails with a smile that becomes extremely reddish.

Sonic notices a bulge under his sheet, his dick is hard under it.

"So, you love licking my feet, huh?" Asks Sonic to Tails, who embarrassed, makes a shy nod.

"... You also want to lick something... else?"

Sonic starts patting his bulge suggestively.

Tails blushes and gets warm.

"Really? You'd let me..."

"Come here, it's all yours."

Tails slowly starts approaching Sonic, crawling on the bed, his face now near Sonic's shorts.

Sonic smiles putting his hands above his head, relaxed.

"So? Unwrap your gift!"

Tails smiles back embarrassed, then pulls down Sonic's underwear, letting out his full erect dick like a spring.

His eyes shine as he watches the big dick fiercely erect in front of him.

Tails carefully pulls down Sonic's foreskin and starts to lick his head gently.

Sonic moans in pleasure as Tails licks it.

After some licking, Tails puts his muzzle over it and, putting the top in his mouth and starts twisting his tongue over it, sucking a bit.

Sonic closes his eyes in ecstasy as his dick is being sucked.

He moans heavily, "Yeah... uhh... mhh... good boy... right that way...", feeling his precum spilling in Tails' mouth.

Tails savors the watery precum, sucking him more intensively, also starting to massage Sonic's dick with his hand while holding it in his mouth.

Sonic feels his balls warming up, close to cumming, so he moves one hand on Tails' head, and gently pushes him deeper on his dick.

"...I'm closer... Don't stop... it... mhh," gasps Sonic, feeling the climax near to exploding.

Tails sucks more greedily on his dick, holding Sonic's crotch by the hands on his flanks.

Then Sonic's body tenses up and he finally cums, shooting jizz in Tails' mouth, filling it.

Tails gulps down the load as Sonic fills his mouth, greedily taking in the salty fluid.

After jizzing several times Sonic relaxes and lays loosely on his bed, exhausted.

"Wow ,you are really good at blowin' Buddy."

"Thanks..."

Tails smiles, licking his lips.

Then Tails gets up and attempts to leave the bedroom.

"Where are you going, Tails?"

Tails yawns while covering his mouth.

"To my bed, I'm tired now."

Sonic pats a free side of his bed and smiles.

"Turn back, your bed is here now."

Tails blushes and smiles.

"Thanks..."

Tails then gets in Sonic's bed and gets very close to him.

"I love you."

Sonic smiles back to him and puts an arm around his shoulder, holding him more closely and hugging him tenderly.

Tails blushes as he feels Sonic's body tight to him, warming him up.

Tails sniffs Sonic.

"Sup?"

Tails smiles and giggles.
"You smell a bit sweaty."
Sonic smirks.
"Sorry."
Tails puts an arm behind his head.
"Don't worry, I like it."
Sonic blushes and giggles.
Then they both fall asleep hugging each other for the whole night.

Chapter 5 Hot Shower

The later morning Sonic wakes up, moving Tails, who was hugging him.
So Tails wakes up, watching Sonic leave the bed.
"Uhhhm... Sonic where are you going?"
Sonic smirks.
"I have to piss and after that I'll take a shower."
Tails blushes and smiles.
"Me too, can I come with you?"
Sonic sighs.
"Mh... Ok, move on."
Sonic then gestures to Tails, who stretches, leaves the bed and follows him.

Once in the bathroom, Sonic approaches the toilet to piss, then lifts the lid and drops his underwear, noticing that Tails is staring at him, a little aroused.
Sonic softly smiles at Tails.
"Wanna watch?"
Tails nods shyly and goes on his knees at the side of the toilet, watching Sonic holding his dick with his hand and begin pissing.
"Aahh..." moans Sonic when a stream of urine shoots from his dick, into the toilet, with a splashing sound.

Tails watches with desire at Sonic's sprinkling and shining golden stream.
He moves closer to it
Sonic watches puzzled as Tails who approaches his pissing dick with lust in his eyes.
Then Tails approaches the dick with his muzzle and lets out his tongue, he puts it in the warm salty stream lapping it with his tongue.
"Woah, you are a really naughty one, uhu, buddy?"
Tails blushes flattered by his words.
"I have an idea, Close your eyes."

Tails foresees what Sonic wants to do and closes his eyes, moving forward with his muzzle under the stream.
Sonic moves the stream up waving it on Tails' face, soaking it.

Tails enjoys the warm salty liquid running on his face a lot.
Sonic feels a little horny but hilarious, the kinkiness of his friend that makes a happy face while he is watered by his dick.
Tails wags his tails happily while catching the running warm stream, that runs on his face, lapping it up with his tongue
Shortly afterwards, Sonic finished pissing and shoots the last spurts on Tails' face and shakes his dick.

Tails reopens his eyes and watches Sonic with his soaked face, he licks away some drops On the tip of Sonic's dick.
Then he lifts himself, removing the drops on his face with one hand.
"You want to watch me piss? I need to..."
Sonic undresses and stands totally naked in front of Tails.
Tails blushes looking at Sonic, who is now completely naked.
"I'll take a shower now, so, you can enjoy it with me if you wish."
Tails instantly agrees and undresses in front of Sonic.
Sonic looks at Tails' naked body.
"You are really cute, buddy."
Tails shivers and blushes at this compliment.

Sonic enters the shower followed by Tails.
Once inside, Sonic turns To Tails.
"You said that you needed to piss, right?"
Tails smiles.
"Yeah, I need to pee."
Sonic smirks.
"So, do it here."
Tails blushes intensely.
H-here, in the shower?"
Sonic gives Tails a thumbs up.
"Yep, just let it go."
Tails stands nervously.
"O-okay"
A little shy he tries to relax and pee.

Sonic moves closer to him. Tails blushes and then finally releases a stream of pee in front of Sonic, splashing on his feet.
"Uhm... I'm peeing... on your feet."
Tails' blush gets more intense.
"Don't worry Tails I'm gonna take a shower after... and it is nice and warm."
Sonic moves closer to him, putting his leg in the stream, Tails becomes red at his words.
"Maybe you can warm me up a little, before the shower?"
Sonic then grabs Tails' peeing dick and moves it up to warm his belly and his dick with the warm stream.
"Mhh, yeah, it is really nice, I love it."
Sonic had begun wetting his lower body with Tails' warm stream of piss
Tails feels glad to give pleasure watering Sonic's legs with his penis.
Also noticing that Sonic really enjoys that because his dick starts growing.
After a while, Tails stops peeing.

"Ah, so, now let's take a shower!"
Sonic then turns on the shower and gestures Tails to come closer.
After they are both fully soaked in the shower, Sonic takes the shampoo and pours it on Tails' head and on his own head.
Then they start washing and rubbing their heads to clean up.
After a while, they wash out their heads and then Sonic takes the sponge, pouring some soap on it.

"I have one sponge, so I wash myself and then it's your turn."

Tails stares at Sonic as he starts rubbing the sponge on his soaked body.

Sonic sees the look on Tails' face and holds the sponge out to him.

"You wish to wash me?"

Tails' eyes grow.

Sonic smiles.

"I imagine that means yes."

Tails takes the sponge and starts rubbing Sonic's body with it.

He finds it very athletic, so hot and rubbing it, Tails feels his arousal grow.

He rubs his sexy arms, his bulky torso and his strong, hot legs, with his dick growing more with every part he washes.

He was rubbing Sonic's calves, aroused more than ever because his dick and balls are right in front of his face, then he timidly starts rubbing Sonic's crotch with the sponge, with a hint of lust.

Sonic stops him.

"Not the sponge here, with the hands"

Tails has a nosebleed at the idea, but it is instantly washed away by the running water.

Meanwhile, Sonic pours a drop of soap on his hand and starts rubbing his dick and balls, with Tails staring at him blushing.

Sonic takes the sponge back.

"Now it's your turn, let me wash you."

Tails blushes, then Sonic pours soap on the sponge and starts rubbing Tails, moving the sponge on his thin body, Sonic finds him really cute and a bit sexy, rubbing the sponge on his light arms, then on his pretty body, he looks like a really pretty girl, Sonic continues

rubbing him, now both aroused, Tails by the strong touch of Sonic and Sonic by Tails' sexy and cute girly body.

Sonic also washed Tails' calves noticing his erect dick right in front of his face, like his own dick, hard too.

Sonic tells Tails to turn and lean on the wall so he can wash his shoulders and back.

A bit aroused, he does so. Sonic then rubs his shoulders and down his back, but Sonic at the same time starts rubbing his own dick, now fully erect.

Sonic now goes lower, rubbing Tails' ass with the sponge, with a hint of lust.

Tails is aroused by Sonic's strong touch on his back.

"S-Sonic..."

He feels something poking his butt cheek.

"So...Sonic...are you oo..ok?"

Tails was now blushing but still leaning against the wall.

"Yes, just wait Tails, here is tight I need... to use my hands to wash you there..."

Sonic puts down the sponge and starts rubbing his now soapy hand on Tails' butt crack.

Tails moans a little when Sonic rubs his fingers over his anus, poking it deeply.

"S..oni...Sonic..."

Tails is now moaning heavily.

"You want me, right?"

Sonic then gets really close to Tails, under the stream of water.

Tails feels Sonic's hot breath on his neck, while he is rubbing his dick and balls with his hand.

Sonic strokes Tails' hard dick with his soapy hand, masturbating him and also

touching Tails flank lustfully with his other hand.

Tails gasps and moans heavily touched by Sonic under the running water.

"Soo..soo..mhh..Sonic wha.. what yo.. you wa...aAAAAHHHHhhh..."

At the same time Sonic thrust his fully erect cock in Tails' tail hole, humping and holding Tails tightly to him under the shower while penetrating him, grabbing his ass, while with the other hand fapping him.

Tails moans with pleasure while Sonic drills his ass with his hard dick.

Sonic moans also, loudly.

"Yeah uhh.. oh yess... Take it all... Right here..."

He fucks Tails' ass with passion and lust.

Tails is also surrounded by pleasure being fucked by Sonic holding him tightly under the trepid running water and moving his thick fully erect hot dick inside of Tails, pouring precum inside while also masturbating him.

Tails moans and starts leaking precum, pushing against the wall with his hands while Sonic fucks and holds Tails tight to him, masturbating him while fucking.

Suddenly moaning a lot, Tails reaches his climax and shoots cum on the wall of the shower, dripping over Sonic's hand, that continues to stroke his dick.

Tails jizzes several times, meanwhile Sonic also near climax

slows down, then cums inside Tails.

Tails feels his insides being flooded by Sonic's large amount of cum, who jizzes several times inside him, his ass starts drooling out the large amount of cum which Sonic is filling it with.

Moments later Sonic pulls his dick out from Tails' ass and leans exhausted over him, who was leaning on the shower's wall.

Tails turns himself to Sonic holding him and hugging him firmly.

"I love you, Sonic."

He then kisses Sonic on the lips.

Sonic then looks in Tails' bright blue eyes, hugging him, then holding his body tightly to him, he gave Tails a deep French kiss.

Tails, surprised but pleased also holds Sonic and joins the French kiss, feeling warm tongues combine together in the deepest kiss.

After some cuddles they finish their shower, then dry themselves off and make breakfast for the day and then prepare to leave.

Tails kisses Sonic on the cheek.

"You're the best boyfriend I could have."

Sonic then kisses Tails on the nose.

"And you're the cutest one."

The new couple then leave the apartment, holding hands happily.
